the reasons set forth in the note for
last year
I have read the note "beer shops
and foreign liquor" furnishing and there
was a drop of Rs.
"Bad year" seems to be a misnomer
for there is a rise in Chittoor and Salem ?

The first two reasons given seem to be "stock" reasons

The third reason, viz. the departure of the 5th & 6th Dragoons is a valid one.

What evidence is there to support the theory of the "continued fall in consumption"; which presumably means consumption per capita?

What was the estimated amount in the budget estimate for next year?

The Collector states that the issue price per gallon of arrack is kept out and may be filled in after the new distillery contract is approved.

This seems to be an essential item for the information of bidders of arrack shops and has to be entered in the Notification. The lease of these shops begins only on the 1st July, if approved, the Mysore Govt. may be asked whether the new distillery contract has been approved.

Sir,

* Subject:- Disposal of Beer and Foreign Liquor Taverns for 1926-27 - Draft Notifiaation - submitted - Fixing issue price of beer. - proposal

I have the honour to submit herewith a draft notification for the disposal of beer shops (Nilsandra and Yellagundapollium) and the five combined beer and foreign liquor taverns in the Station for 1926-27 and to request that 150 copies thereof may be sent to me for wide -- publication.

2. The General Manager of the United Breweries Limited has requested me to increase the cost price of Native beer to Rs. 40/- per hogshead exclusive of duty against Rs. 37/- fixed for 1925-26. As the cost of manufacture of native beer has decreased by Rs. 1-7-5 in 1925 per hogshead - according to the figures furnished by the Brewers, I do not recommend the request of the Brewery but fix it at the - present rate. I have taken into consideration the continued fall in sales due to reduction of the Military force in the Station. The Brewers do not require any change in the price of English beer and it may be fixed at Rs. 57/- per hogshead exclusive of duty for 1926-27 also.

200 copies to be printed on the 6th inst.

Sir,

* Excise - auction of beer taverns and combined beer and foreign liquor shops - for the year 1926-27.

I have the honour to report that the auction sales of the five combined beer and foreign liquor taverns and two beer shops in the Station were held to day and all of them were knocked down for a total sum of Rs. 53,400 against -- Rs. 82,200 fetched for the current year. The decrease is due to (1) trade and general economic depression, (2) bad season, (3) the heavy decrease in the Military population and (4) continued fall in consumption. The decrease is very marked in regard to shops lying on the Southern side of the Station owing to the departure of the British - Cavalry with their numerous followers. I consider the bids fair and recommend their confirmation.

SIR,

With reference to your letter No.130, dated the 23rd February 1926, I am directed to state that it is noticed that grounds 1, 2 and 3 for the decrease are the same as those given last year. Is it to be understood that trade conditions are worse than last year?

The phrase 'bad season' may also be explained in relation to the present issue.

Figures to show the extent of the fall in consumption which presumably means consumption per capita may also be furnished.

Sir, Subject;- Disposal of beer tavern and combined beer and foreign shop for the year 1926-27.

Sir.

In reply to your letter No. 1969/13-1926 dated the 3rd march 1926, I have the honour to state that trade conditions in the Station, are now worse than they were this time last year. The phrase bad season was used to describe the shortage of rain and resulting high price of food stuffs.

2 Figures of consumption of Indian beer and English beer which are chiefly consumed inthe combined beer and Foreign liquor shops are given below for the last four years and the first ten months of the current year.

Year	Indian Beer	EnglishBeer
1921-22	180441	33818
1922-23	157756	35710
1923-24	142092	26253
1924-25	147717	29753
1925-26 (10 months)	106407	12990

The fall in 1925-26 works out to nearly 14 % on the whole.

3 The words " fall in consumption " in my previous letter referred to these figures i. e. to the fall in sales in the different shops during the current year.

The main reason for this fall and for the decreased rentals of this year is the reduction in the number of troops already effected and the fear that further reductions may be made.

The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 16th March 1926, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. 7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Dewan of Mysore," to make up with the deposit previously made, the sum of Fifty Thousand Rupees, and shall execute an agreement in the form prescribed on proper stamp, offering as additional security all his apparatus, stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

(1) The contractor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,156 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per centof the initial cost shall be borne by Government and the contractor, in the proportion of 1 to 2 for the portions of the buildings in the occupation of each, until a separate meter is provided for the consumption of power in the portion occupied by Government, (*viz.*, the Resident Inspector's quarters, the ganja warehouse and the Guard Room), when the cost of the power consumed will be borne by each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion of the building occupied by him.

(4) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack sufficient for a month's consumption (35,000 gallons) and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(5) The spirits manufactured shall be of good quality and Hesaraghatta filtered water or distilled water shall be invariably used at the distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Hesaraghatta filtered water shall be supplied by Government and will be under the control of the Distillery Officer. Its use is limited to the reduction of the spirits only. The articles used in distilling will be approved by the said officer. No ingredients obnoxious to health will be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The spirits manufactured shall not be adulterated or diluted save by the addition of Hesaraghatta or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(6) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(7) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots as Government may from time to time establish and maintain within the State, (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner, and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and MilitaryStation, Bangalore.

(8) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favor for the value of arrack and other country spirits, if any, issued.

(9) The contractor will supply at the Distillery special liquors, and other kinds of bottled liquors, *viz.*, jaggory arrack, denatured spirits and rectified spirits on the indents received from the respective licensees, and recover the value thereof from the parties direct. The cost of carriage on bottled liquors will be payable by the shopkeepers themselves.

(10) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(11) The bulk of the arrack required shall always be of the ordinary sort, *i.e.*, sugarcane jaggory or molasses arrack and the contractor shall be bound to supply such arrack at such strength and in such quantities as may be prescribed by the Excise Commissioner; and the rates to be paid shall be calculated proportionately upon the prices of 35° U. P. If to meet the demand for the quantity of molasses arrack prescribed under this clause by the Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(12) The contractor is also bound to manufacture and supply to the licensees special liquors, rectified spirits and other kinds in bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers).

(13) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(14) The manufacturer shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(15) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(16) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc., from the Distillery every day.

(17) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

(18) The outgoing contractor shall give, and the incoming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(19) Should the incoming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the outgoing contactor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the incoming contractor commencing operations. Should no notice be given, the outgoing contractor may continue distilling till the end of his contract after which further distillation by him must cease. The incoming manufacturer shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

Sir, Subject:- Disposal of beer taverns and combined beer and foreign liquor shops- 1926-27 ~~sales~~.

Ref:- Your letter No. 2487/13-1926 dated the 19th March 26.

Sir,

With reference to your letter referred to above, I have the honour to state that, though the drinking population has been considerably reduced by the causes already mentioned, I consider that there has also been a per capita reduction in consumption owing to the fact that many of these who are still here have less money to spend. I can trace no corresponding rise in the per capita consumption of foreign liquors, arrack or toddy.

Forwarded to the Secretary to the Hon'ble the Resident in Mysore. The applicant bears a good character and has rendered good and faithful service under Government for about 44 years. He retired from service in December 1924 on a small pension of Rs. 16/- per mensem. Having a large family depending on him for maintenance, he naturally finds it hard to make both ends meet and has come forward with the present application for the grant of a license for the sale of Ganja or opium in the Station for the year 1926-27. In view of his present pecuniary circumstances and past loyal services to the State, I have the honour to suggest that his application may be recommended favourably to the Collector.

Sir,

S.20+S.22 Ref: Your notification Nos. 45 and 47, dated Bangalore 10th April 1926.

In connection with the retail vend of ganja and opium shops in the Station, it was notified that the shops would be assigned to applicants by the Collector on the 30th April 1926. On reconsideration of the matter, I think it would be better that the assignment of ganja and opium shops should be done by Mr. Russell: I have accordingly arranged to postpone the assignment of shops to 7th May 1926, and trust that this will meet with your approval.

Sir,

Subject:- Excise- Disposal of Toddy and Arrack shops for 1926-27. - Report submitted.

I have the honor to report that the auction sale of toddy and arrack shops was held today. The six toddy shop were sold enbloc and the highest bid was Rs. 76750 against Rs. 88000, of the current year. All the eight arrack she were sold for Rs. 308500 against Rs. 338000 of the current year. There was fair competition for all shops, but on the whole there is a decrease of Rs. 40750 which is chiefly due to the continued fall in consumption of both toddy and arrack 2) poor economical conditions and 3) the heavy decrease in the military population.

I consider the bids fair and recommend their confirmatio

Rent of arrack and toddy shops.

SIR,

With reference to the correspondence ending with your letter No.R.Dis.130/26, dated the 11th June 1926, I am directed to invite a reference to the following - figures:-

	Rent of arrack shops. Rs.	Rent of toddy shops. Rs.
Revised estimate for 1925-26.	3,63,530	1,03,750
Budget estimate for 1926-27.	3,70,000	1,00,000
Actuals for 1926-27.	3,08,500	76,750
Drop below the revised estimates for 1925-26.	55,030	27,000

This shows that the Budget estimates for 1926-27 were badly out. I am to request that greater care may be bestowed in framing the Budget estimates in future.
